Passage Master assignment summary:

Your job is to select four passages from the reading selection that you think are worthy of being read out loud and discussed with your group members. You should write down the passages word-for-word in quotes, citing the page number(s) at the end. You are free to pick whatever quotes you like, but they must have some sort of significance or importance to the overall story. Choose lines you find insightful or lines that confuse you. Also, in a paragraph or two per quote, you must explain the significance of the line and why you picked it.
